TERMS AND CONDITIONS FOR SUCCESSFUL GRANTEES

Successful grantee organizations will receive funding as a direct grant from the Monmouth Independence Community Foundation ("MICF"). In order to accept a grant and receive payment, successful grantees must complete the Grantee Agreement Section of the Award Letter and return it within two weeks.

Under the terms of the Community Fund Grant Program (the "Program"), at the end of the grant period successful grantees are required to report on results, complete a financial statement detailing how funds were used and provide photographs of the completed project (if applicable). For grants covering a time period of more than three months from award to completion, an interim report on results and financial statement may be requested by MICF's Community Fund Committee. Successful grantees are required to submit a final report on results and financial statement within three weeks of completing your project.

If additional time is needed to complete an approved project, or modifications are requested, successful grantees must make the request in writing to the President of MICF. Extension and modification requests are reviewed on a case-by-case basis and are not automatically granted.

Successful grantees must submit interim or final project reports and attachments by email to MICF. If a grantee is unable to complete the awarded project or does not comply with the requirements regarding reporting results at the end of the grant period, the grantee may be required to repay some or all of the funds awarded and may be disqualified from receiving future MICF Community Fund Grants.

Any grant funds received from the MICF that are not used for the originally approved grant purposes must be returned to the MICF within one year of the original award.

Additional terms under the Program include:

- Successful grantee organizations agree to promptly respond to status requests from MICF.
- Successful grantee organizations agree to maintain records of grant expenditures and make such records available for review by MICF or their appointed agent.
- Successful grantee organizations authorize MICF to use and publish images and descriptions of completed MICF Community Fund Grant projects for fundraising and publicity purposes, and release MICF from any and all liability and claims.

- Successful grantee organizations agree to publicly recognize support from the MICF when announcing or otherwise publicizing the awarded project.
